

Lesson structure plan

Thematic area: Music Workshop

Short description-summary: The music workshop goal is to bring people without band experience play together. It can be done more easily when the students play already of an instrument. But it is not necessary. People from disadvantaged groups can come to our studio and start one workshop with us. We can play music with scores or not.

Objectives: Increase European cultural understanding, give them a role in the local community, support their personal development, improve their language skills, overcome their social isolation, educate them, give them the change to participate in cultural activities.

Number of learners: From 6 to 10

Venue-place: Rehearsal room

Duration: 2 Hours

Equipment: Drums1, Bass, Guitar1, Guitar2, Microphones (1 for the leader singer and 1 the vocals behind the leader). 2 amp of guitar and bass guitar2, amplification module. Scores for each instrument writing in the same tone.

Nr of educators: 2

Detailed description of the teaching course: Important thing is to know how to lead a band. How to speak and behave with people from disadvantaged groups which can sometimes be more difficult audience.

Assessment: No

Certification: No

Supporting videos: We can do it at the end of the year during the concert of presentation of the workshop.
